

Bridging Refugee Youth & Children's Services

Program Descriptions: A BRYCS Collaborative Project

The information provided herein will be used in several ways: in a BRYCS website monthly "Spotlight" and "Sidebar" on promising practices, which are key features of the website; a searchable database of programs serving refugee youth and children on the BRYCS Clearinghouse website; a searchable directory of organizations serving refugee youth and children on the BRYCS Clearinghouse website; and a form that can be shared with an organization's parent organization.

I have created a description of a program which serves refugee youth and children and am the copyright owner of that written description, and I authorize and give my permission in perpetuity throughout the world to the United States Conference of Catholic Bishops/Migration and Refugee Services (USCCB/MRS), for the BRYCS Project, to edit and to reproduce and distribute in print and digital form (including but not limited to the Internet) in whole, in part, or in an edited form, the written description and other written information provided by me to the BRYCS Project.

Please note: We cannot use program submission information without a signed copy of this form. Completed forms can be faxed. Faxed signatures can be used in place of original signatures on this form.
